

## NO. 290.

## Michigan 101; Tonnosson 12; and Szabo 16.

There is about three millions of dollars in the treasury of New Orleans for arrears taxes, and the city is not likely to pay more than \$500,000. Tax-payers could now pay the three millions of city taxes at thirty-three per cent discount and pay their taxes, thus relieving the city of its indebtedness.

The ice made by the Louisiana Ice Manufacturing Company of New Orleans, is produced in the city of New Orleans, and it is said it will go nearly twice as far in the North as it does in the South. It is more difficult to produce, and the salt, closing up the pores of the ice, makes it melt more rapidly, on the other hand, proper Northern ice, as it looks more clear and does not, perhaps, melt as quickly in water as the Louisiana ice.

—Gen. Bachman, upon the recommendation of Gov. Pease, of Texas, induced by Gen. Canby, has ordered the appropriation of \$100,000 for the purchase of land for a penitentiary for the support of the State penitentiary. It being apparent that the institution was about to exist unless land was extended to it in some source. The large price paid for the same is said to have been the reason for the failure of the project.
